

Covers Wanted

We have strong demand for all manner of covers/postal history, particularly commercial mail from the former "Empire" up to the mid sixties. French, German and Spanish colonial period items are also required. We also buy modern accumulations. If you are selling a collection, call us on 01858 468442 (NOTE NEW NUMBER) Mon-Fri 10am-5pm.

Do you have any unwanted accumulations, collections, single items of this type of material? We are also keen to acquire fdcs, first flights,

censored mail, etc etc. In fact almost anything on cover!

We can make speedy valuations, as usual, and our market price related offers will be promptly paid. Please let us know if you have any material that may meet our requirements. Don't forget that we will also buy modern covers and first day issues (large collections only).
